Good morning Anthony. On 09-03-22 you contacted me about leaving the state temporarily. I explained to you that Colorado allows you to leave the state for up to 14 days without having to de-register. You told me you were going to Alabama to visit family and if it worked out that you decided to stay there you would call me to de-register and give me the new Alabama address. Other than that, you intended to return to Craig, Colorado within your 14 days. Since I only work in Colorado; I am unaware of any other states requirements for visitation/travel. It is your responsibility as the "traveler" to know the requirements where you are traveling to. I received notification at a later date that you had been arrested and were in Mississippi.

Please let me know if there is anything else I can do for you.
